

PLATFORM

2nd Annual Workshop, 18-19 April 2013, Paris

Bioeconomy ERA-NETs in action and interaction

Summary

Contents of workshop

- **Who is who: tour du table**
- Opening speech by INRA deputy DG underlining relevance of ERA-NETs, European collaboration and platforms and workshop as ours
- Update recalling PLATFORM project aim and approach and status
- **Commission update on ERA-NETs and H2020**
- Networks mapped against the value chain and research to innovation chain
- Interactions with industrial networks. Aware but lack of information. Interest.
- **Guest presentation PPP BRIDGE**
- Partners beyond Europe. First survey results. Case presentation ERA CAPS
- Collaborations with international research alliances. Concept report presentation. Case presentation ERA-ARD
- ERA-NETs and the European Research Area. Concept paper presentation
- Case presentations of ERA-NETs rooted in SCAR CWG's: IPS and SUMFOREST
- **Group discussions on the steps of an ERA-NET, with specific focus points on collaborations with i) other ERA-NETs and JPIs, ii) partners beyond Europe and international research alliances, iii) industrial networks**
- **A delicious networking dinner at La Cuisine**

Contents of workshop - continued

- ERA-NET impact assessment. Presentation of progress since Copenhagen meeting. Approach and guidelines for assessment of calls and other activities of ERA-NETs. Agreement on next steps: ERA-NETs to complete the questionnaire, followed by assessment of results by WP3
- Presentation of the plans for the master class on call management, request for those that did not yet do so to complete the questionnaire on call management
- Presentation of the opportunities for collaborations as identified mutually by the ERA-NETs themselves, with topic indication in a visually attractive and informative presentation format. Decision to extend to new networks and some neighboring networks that were not yet included
- Presentation of outcomes so far of survey among five JPIs about interlinkage and collaboration and interests and case presentation of FACCE-JPI.
- Case presentation of a 'joint joint call' (WoodWisdomNet and Bioenergy)
- **Group work: share experience on joint calls and prioritize and comment the draft list of topics for the call management master class**
- **Wrap up, announcement of the 3rd PLATFORM Annual Workshop Feb 2014 Leiden Netherlands, and good byes.**

Next steps
