

# Joint programming seminar

**19 April 2017 – ATLAS, Building 104 – Room ATLAS 1+2**

Wageningen International, part of Wageningen University & Research (WUR) organises a seminar on joint programming in Wageningen on 19 April 2017, 13:00 – 16:30.

Various initiatives such as JPIs, ERA-NETs, EJPs and Art. 185 initiatives contribute to the coordination of national and regional research programmes. The purpose of this seminar is to inform about developments and opportunities in joint programming, with a focus on initiatives in food, agriculture, aquaculture, fisheries, forestry, climate, biodiversity and biotechnologies (bioeconomy). Speakers from ministries, funding organisations and WUR will give their latest information about joint programming. Furthermore, the meeting will provide an opportunity to network, exchange ideas and learn from each other. Information about the current and recently completed ERA-NET research projects with WUR participation will be available at the seminar.

## Programme

**13:00 Registration, tea / coffee**

**13:30 Welcome and Introduction**

*Huub Löffler, Director of Wageningen International, WUR; Member of Governing Board FACCE-JPI*
